Education

- 09/2018 – 06/2023 (expected) **PhD student in Mathematics**, *Technische Universität Berlin and Berlin Mathematical School*, Main Research Area: Computational Invariant Theory.
- 04/2016 – 09/2018 **Master Studies in Mathematics**, *Universität Bonn*, Main Area: Algebraic Geometry, secondary subject: Computer Science; Total Grade: 1.1 “excellent”.
- 10/2012 – 03/2016 **Bachelor Studies in Mathematics**, *Technische Universität Berlin*, Main Area: Algebra, secondary subject: Philosophy; Total Grade: 1.1 “very good”.

Employments

- 09/2018 – 08/2023 (expected) **Research Assistant**, *Technische Universität Berlin*, Research group *Algorithmic Algebra*, financed by the ERC Advanced Grant *COCAN: Complexity and Condition in Algebra and Numerics*.
- 04/2014 – 03/2016 **Tutor for Mathematics**, *Technische Universität Berlin*, Institut für Mathematik.

Honors and Awards

Academic

- 10/2018 **Admission as Phase II Student at BMS**, *Berlin Mathematical School*.
- 11/2016 **2nd Prize for “Best Bachelor Degree/Thesis”**, *Technische Universität Berlin*, Dies Mathematicus.
- 11/2016 **3rd Prize for “Best Presentation”**, *Technische Universität Berlin*, Dies Mathematicus.
- 05/2012 **1st Prize in Mathematics of the Dr. Hans Riegel Fachpreis**, awarded by Dr. Hans Riegel Stiftung in cooperation with the Freie Universität Berlin. Award for a project thesis in school, prize money: 600 €.
- 04/2012 **Abiturprize of the Deutsche Mathematiker Vereinigung**. Award for excellent grades in the advanced course of mathematics in school.

Others

- 11/2012 **Welcome for volunteers in sports**, *Rotes Rathaus Berlin*, invited by the governing mayor of Berlin. due to victory of *ttc berlin eastside* in Women Table Tennis Champions League 2012

Teaching Experience

- | | |
|-------------------|--|
| since 07/2019 | 2nd examiner in oral exams , <i>Technische Universität Berlin</i> , Courses: Algebra I, Algebra II, Variations on Bézout's Theorem, Algebraic Curves, Representation Theory of Quivers, Selected Topics in Representation Theory.
References: Peter Bürgisser, Dirk Kussin |
| 04/2015 – 03/2016 | Student member of election committee for tutors , <i>Technische Universität Berlin</i> . |
| 04/2014 – 03/2016 | Tutor for <i>Linear Algebra for Mathematicians</i> , <i>Technische Universität Berlin</i> . |
| Summer 2015 | TU tutor plus , <i>Technische Universität Berlin</i> , training for tutors in mathematics. |

Publications

Published

1. **Toric Invariant Theory for Maximum Likelihood Estimation in log-linear models.**
With Carlos Améndola, Kathlén Kohn and Anna Seigal. *Algebraic Statistics*, 2021.
2. **Barriers for recent methods in geodesic optimization.**
With Cole Franks. *LIPICs, Volume 200, 36th Computational Complexity Conference*, 2021.
3. **Invariant Theory and Scaling Algorithms for Maximum Likelihood Estimation.**
With Carlos Améndola, Kathlén Kohn and Anna Seigal. *SIAM Journal on Applied Algebra and Geometry*, 2021.

Preprints

4. **Symmetries in Directed Gaussian Graphical Models.**
With Visu Makam and Anna Seigal. ArXiv:2108.10058.
5. **Tensor Rank and Complexity.**
With Giorgio Ottaviani. ArXiv:2004.01492.

Theses

- | | |
|----------------|---|
| In Preparation | PhD thesis , <i>Invariant Theory in Computational Complexity and Algebraic Statistics</i> , Supervisor: Prof. Dr. Peter Bürgisser. |
| 08/2018 | Master thesis , <i>Vector bundles on elliptic curves and an associated Tannakian category</i> , Advisor: Dr. Johannes Anschütz, Second Advisor: Prof. Dr. Peter Scholze.
Grade: 1.0 "very good" |
| 01/2016 | Bachelor thesis , <i>Stabilisator der Determinante und maximal lineare Teilräume</i> , Advisor: Prof. Dr. Peter Bürgisser, Second Advisor: Prof. Dr. Jörg Liesen.
Grade: 1.0 "very good" |
| 12/2011 | Project thesis (in school) , <i>Visualisierungen ausgewählter komplexer Funktionen mit Hilfe eines PCs</i> , Advisor: Dr. Sabiene Zänker. |

Research Stays

- | | |
|---------|---|
| 07/2022 | Visited my co-author Anna Seigal at Harvard University, MA, United States , several days. |
| 06/2022 | Visited Michael Walter and his research group on Quantum Information, Ruhr Universität Bochum, Germany , one week. |

Selected Conferences and Talks

- 11/2022 **AGATES: Algebraic Geometry with Applications to Tensors and Secants**, IMPAN, Warsaw, Poland.
Invited talk about *Barriers for Tensor Scaling* in the workshop on *Algebraic Geometry and Complexity Theory*. Participant in the workshop on *Tensors in statistics, optimization and machine learning*.
- 09/2022 **Geometry in Complexity and Computations**, Universität Konstanz, Germany.
- 06/2022 **CCAAGS'22: Combinatorial, Computational, and Applied Algebraic Geometry**, University of Washington, United States.
Poster about *Symmetries in directed Gaussian graphical models*.
- 08/2021 **SIAM Conference on Applied Algebraic Geometry 2021**, Virtual, Texas A&M University, United States.
Invited talk about *Transitive DAGs as Gaussian group models* in the Minisymposium on *Applied Invariant Theory: Statistics and Algorithms*.
- 07/2021 **Computational Complexity Conference 2021**, Virtual, Toronto, Canada.
Talk on the accepted paper *Barriers for recent methods in geodesic optimization*.
- 05/2021 **AMS Spring Western Sectional Meeting**, Virtual, San Francisco State University, United States.
Invited talk about *Invariant Theory for Maximum Likelihood Estimation* in the Special Session on *Quivers, Tensors, and their Applications*.
- 04/2020 **Nonlinear Algebra Seminar Online (NASO)**, Virtual, Leipzig, Germany.
Invited talk titled *Invariant Theory and Matrix Normal Models*.
- 02/2020 **Milestone Conference - Thematic Einstein Semester: Varieties, Polyhedra, Computation**, Berlin, Germany.
Contributed talk titled *Invariant theory and scaling algorithms for maximum likelihood estimation*.
- 11/2019 **Buildings, Varieties, and Applications**, Leipzig, Germany.
Contributed talk on *Bounds on the weight margin*.
- 10/2019 **Opening Conference - Thematic Einstein Semester: Varieties, Polyhedra, Computation**, Berlin, Germany.
- 07/2019 **SIAM Conference on Applied Algebraic Geometry 2019**, Bern, Switzerland.

Mathematical Societies

- since 09/2021 Society for Industrial and Applied Mathematics (SIAM)
- since 10/2018 Phase II student of the Berlin Mathematical School
- since 2013 Deutsche Mathematiker Vereinigung (German Mathematical Society)

Voluntary Service

- Summer Term 2017 Mentor in the student dormitory *Hermann-Wandersleb-Ring 6*
- 01/2011 – 03/2016 Cashier/responsible for the cashpoint in Champions-League matches of the table tennis club *ttc berlin eastside e.V.* (the club won the Women Champions League in 2012, 2014 and 2016)
- 2009 – 2014 different voluntary services in *ttc berlin eastside e.V.*; e.g. coaching younger teammates, organizational help for matches of the 1st women team
